

Going Deeper: Research Activity

In pairs or small groups, research a specific place in the world impacted by food insecurity. Choose a location that is local (and near to where you live) or a place that is in another region of the world.

Location: _____

Find a minimum of 3 -5 primary and/or secondary sources on food challenges (insecurity) in your selected location.

-
-
-
-
-

What are the causes and effects of food insecurity in this context?

Causes	Effects

How is food insecurity impacting individuals and groups living in that society (think about the impact examples or categories you have already learned)?

What local, state, national, or international efforts are being made to address the issue?

Local:

-

State:

-

National:

-

International:

-

KWL Chart

Answer the questions below in your own words. Then, fill out the Know and Wonder sections of your KWL chart. You can fill out the Learn section as the lesson goes on.

When you hear the words "food insecurity," what do you think about?

How would you define "food insecurity" and how do you think it impacts individuals and communities?
